609-522-4646**

Office Hours: Monday-Friday 7:00 AM to 2:30 PM

Rules and Regulations for Trash & Recycling Programs:

It shall be unlawful for any person to discard or dump along any street or road on or off any right-of-way, any household or commercial solid waste.

Any violation or violations of any provision or provisions of this chapter shall be subject to a fine of not less than \$100 nor more than \$1,250. Each day that any violation of any section of this chapter shall exist shall constitute a separate offense.

1. CURBSIDE TRASH MUST BE IN CONTAINERS WITH LIDS

Trash may be placed in plastic bags; however, all trash must be placed in metal or plastic trash containers with lids at a maximum weight of 50 lbs. per container. Containers may not exceed 96 gals.

Trash and recyclables must be at curbside by 7 a.m. on collection days. They may be placed curbside after 5 p.m. on the day before collection day. Cans must be removed by 5 p.m. on the day of collection.

NO BUSINESS OR DWELLING UNIT MAY EXCEED A MAXIMUM OF TWO 96 GALLON CONTAINERS OR THEIR EQUIVALENT AT ANY ONE COLLECTION

2. SINGLE STREAM RECYCLING INFORMATION

Plastic, steel, tin, aluminum, glass containers, cardboard, magazines, Newspapers and other paper shall be placed in one recycling container.

NO TRASH IS TO BE PLACED IN RECYCLING CONTAINERS.

PLASTIC BAGS ARE NOT PERMITTED TO HOLD ANY RECYCLABLE ITEMS.

3. YARD WASTE

Grass Clippings: dispose of along with your household trash. Put in trash bags and put the bags in trash cans for collection. Do not put grass out loose in a trash can by itself.

Grass Clippings may also be delivered to the North Wildwood Recycling Center on 511 W Oak Ave. or the MUA Transfer Station. Clippings should be in a recyclable paper bag or container that can be dumped. They also may be used for a compost pile.

Yard Waste: the Department of Public Works offers a dumpster at the Convenience Center, 511 W. Oak Ave. in Anglesea. You may bring this type of yard waste and put it in the dumpster for disposal. Do not use plastic bags since this dumpster can take only biodegradable material. Also do not dump dirt or stumps in this dumpster. Either dump the debris from a can or have it packed in paper recycle bags.

4. RECYCLABLE ITEMS COLLECTED BY PUBLIC WORKS

Place curbside on the first trash day of the week:

Metal: copper, iron, sheet metal, aluminum, radiators, structural steel, and metal pipe.

Rigid Plastics: kids toys, big wheel bikes, etc.

Tree Branches: they must be cut to no more than 4 feet long and bundled with rope or electrical tape. Put them next to your trash on the first trash day of the week. Public Works employees will collect them.
